## NICOLE GALLOWAY, CPA Missouri State Auditor

Honorable Michael L. Parson, Governor and Members of the General Assembly Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance in the month of August 2020 for the Coronavirus Disease 2019 (COVID-19) emergency and the cumulative financial activity since the state began receiving funding in April 2020.

In March and April 2020, Congress passed several legislative measures signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities during the COVID-19 emergency. The funding received by or made available to Missouri state government agencies will help pay for the state's emergency response to COVID-19 and provides (1) additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs, and (2) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. Some funding authorized in the legislation also went directly to local government entities, healthcare facilities, and colleges and universities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In August, the state spent \$96.5 million from federal COVID-19 assistance (Appendix A). Through the end of August, the state has received \$2.69 billion and spent \$1.20 billion from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C. The majority of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$340 million) and funding passed through to counties and the City of St. Louis (\$521 million). Other funding has been (1) provided to schools, institutes of higher education, child care providers, and nursing facilities; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, and other disaster relief purposes. In addition, the state is currently using \$250 million of COVID-19 relief funding for cash management needs.

Nicole R. Galloway, CPA State Auditor

The following staff participated in the preparation of this report:

Director of Audits: Jon Halwes, CPA, CGFM

Audit Manager: Alex R. Prenger, M.S.Acct., CPA, CISA, CFE, CGAP

Senior Auditor: Jeffrey Roberts, CISA, CFE

Staff Auditor: Kristin A. Clink, MBA, CISA, CFE

# Federal Funding for COVID-19 Response August 2020

## **Executive Summary**

## **Executive Summary**

Missouri has been awarded federal funding under the following federal laws enacted in March and April 2020:

- Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (Public Law 116-123; H.R. 6074)
- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Paycheck Protection Program and Health Care Enhancement Act (Public Law 116-139; H.R. 266)

The Coronavirus Preparedness and Response Supplemental Appropriations Act provides for grants to or cooperative agreements with states to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities. The state has been awarded as of August 31, 2020, approximately \$18.8 million under this act for additional or new funding under various federal grant programs. Part of this funding went directly to community health centers from the federal government. Each grant program has a separate time limit on use of the funding.

The Families First Coronavirus Response Act provides Missouri a 6.2 percent Federal Medical Assistance Percentage (FMAP) increase beginning January 1, 2020, for the state's Medicaid program (MO HealthNet) and other applicable programs. The state's FMAP percentage was approximately 66 percent prior to this act.<sup>1</sup> The increased FMAP is available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. To qualify for the temporary FMAP increase, Missouri must:

- Maintain eligibility standards, methodologies, or procedures that are no more restrictive than what the state had in place as of January 1, 2020, (maintenance of effort requirement).
- Not charge premiums that exceed those that were in place as of January 1, 2020.

<sup>&</sup>lt;sup>1</sup> The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to this act.

- Cover, without impositions of any cost sharing, testing, services, and treatments including vaccines, specialized equipment, and therapies related to COVID-19.
- Not terminate individuals from Medicaid if such individuals were enrolled in the program as of the date of the beginning of the emergency period, or become enrolled during the emergency period, unless the individual voluntarily terminates eligibility or is no longer a resident of the state (continuous coverage requirement).

Under the Families First Coronavirus Response Act, the state has also been awarded as of August 31, 2020, approximately \$36.2 million of additional or new funding under various federal grant programs for meal assistance, food subsidies, and administrative costs. Each grant program has a separate time limit on use of the funding.

The CARES Act specifies that payments provided to the state from the Coronavirus Relief Fund<sup>2</sup> may only be used to cover costs that (1) are necessary expenditures incurred due to the public health emergency with respect to COVID-19; (2) were not accounted for in the budget most recently approved as of March 27, 2020, (the date of enactment of the CARES Act) for the state; and (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020. The state has received approximately \$2.38 billion in Coronavirus Relief Fund assistance including nearly \$173.5 million for St. Louis County and \$122.7 million for Jackson County.<sup>3</sup> Twenty-five percent of the remaining state share (approximately \$521 million) was distributed to other counties in the state and the City of St. Louis based on population. In early July, the Department of the Treasury Office of Inspector General (OIG) issued interim and quarterly reporting requirements for Coronavirus Relief Fund payments. The OIG is responsible for monitoring and oversight of the receipt, disbursement, and use of these payments.

Eligible expenditures for Coronavirus Relief Fund assistance include, but are not limited to, payment for:<sup>4</sup>

- 1. Medical expenses such as:
  - COVID-19-related expenses of public hospitals, clinics, and similar facilities.

<sup>&</sup>lt;sup>2</sup> From the U.S. Department of the Treasury, CFDA number 21.019.

<sup>&</sup>lt;sup>3</sup> The funding for Jackson County and St. Louis County went directly to those local governments from the federal government.

<sup>&</sup>lt;sup>4</sup> U.S. Department of the Treasury, *Coronavirus Relief Fund Guidance for State, Territorial, Local, and Tribal Governments*, April 22, 2020,

<sup>&</sup>lt;a href="https://home.treasury.gov/system/files/136/Coronavirus-Relief-Fund-Guidance-for-State-Territorial-Local-and-Tribal-Governments.pdf">https://home.treasury.gov/system/files/136/Coronavirus-Relief-Fund-Guidance-for-State-Territorial-Local-and-Tribal-Governments.pdf</a>>, accessed May 20, 2020.

- Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
- Costs of providing COVID-19 testing, including serological testing.
- Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
- Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.

#### 2. Public health expenses such as:

- Expenses for communication and enforcement by state, territorial, local, and tribal governments of public health orders related to COVID-19.
- Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
- Expenses for disinfection of public areas and other facilities, e.g., nursing homes, in response to the COVID-19 public health emergency.
- Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
- Expenses for public safety measures undertaken in response to COVID-19.
- Expenses for quarantining individuals.
- 3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID-19 public health emergency.
- 4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
  - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
  - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.

- Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
- Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
- COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
- Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
- 5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
  - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
  - Expenditures related to a state, territorial, local, or tribal government payroll support program.
  - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
- 6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy CARES Act eligibility criteria.

The state may also use Coronavirus Relief Fund assistance to meet immediate cash management needs provided that the full amount of the payment is used to cover necessary expenditures.<sup>5</sup> If the state has not used the Coronavirus Relief Fund assistance it has received to cover costs that were incurred by December 30, 2020, as required by federal law, those funds must be returned to the federal government.

The General Assembly has authorized the Office of Administration (OA) to transfer up to \$750 million in Coronavirus Relief Fund assistance from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. Any transferred funds must be repaid to the State Emergency Management Federal Stimulus Fund prior to June 30, 2021. In May, the OA transferred \$250 million from the stimulus

<sup>&</sup>lt;sup>5</sup> U.S. Department of the Treasury, *Coronavirus Relief Fund Frequently Asked Questions*, p.8, May 28, 2020, < https://home.treasury.gov/system/files/136/Coronavirus-Relief-Fund-Frequently-Asked-Questions.pdf>, accessed May 29, 2020.

fund to the General Revenue Fund. No cash management transfers occurred in August.

Under the CARES Act, the state has also been awarded as of August 31, 2020, approximately \$2.94 billion of additional or new funding under other various federal grant programs for assistance for public schools, institutions of higher education, and healthcare facilities; child care and family services; health care worker training programs; public health education; expanded telehealth services; and numerous other assistance services or benefits. A significant part of this funding went directly to local governments or the awarded entity. Each grant program has a separate time limit on use of the funding.

The Paycheck Protection Program and Health Care Enhancement Act provides funding to states for expanded COVID-19 testing. Under the act, the state has been awarded approximately \$165 million with some of this funding going directly to rural health departments from the federal government.

In August, the state spent \$96.5 million from federal COVID-19 assistance (Appendix A). Through the end of August, the state has received \$2.69 billion and spent \$1.20 billion from this assistance. The majority of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$340 million) and funding passed through to counties and the City of St. Louis (\$521 million).

Other funding has been (1) provided to schools, institutes of higher education, child care providers, and nursing facilities; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, and other disaster relief purposes. The state will be responsible for monitoring use of the funding it passes through to local governments. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation are presented in Appendix C.

For the fiscal year ended June 30, 2021, the FMAP (Federal Medical Assistance Percentage) Enhancement Fund was only authorized an appropriation to transfer receipts to the Federal Budget Stabilization Fund and/or the General Revenue Fund. In August 2020, this fund's \$15,844,178 receipts total was transferred to the General Revenue Fund. The transfer reimburses the General Revenue Fund for some of the state's share of Medicaid and other applicable program expenditures previously paid. To display the net effect of the transfer, which results in use of this funding for applicable expenditures, we reclassified this amount from a transfer out to a disbursement in the appendix schedule.

Source: Statewide Accounting System (SAM II). The appendix is prepared on the cash basis of accounting, which presents amounts when received or disbursed.

<sup>&</sup>lt;sup>2</sup> This fund's negative \$2,038,144 disbursements total and negative \$658,232 transfers out total in August 2020 reflect movement of pandemic stipend activity from the original appropriation in this fund to a new identical appropriation within the State Emergency Management Federal Stimulus Fund, as intended by the Office of Administration.

During the fiscal year ending June 30, 2020, the Secretary of State used this fund to account for COVID-19 receipts and disbursements and other pre-existing but unrelated activity. The receipts, disbursements, and beginning and ending fund balances listed represent only the COVID-19 activity within this fund. This fund is excluded from Appendix C because its appropriation authority was established prior to the public health emergency, and thus does not reflect COVID-19 efforts. The Secretary of State receives many federal grants and uses the state accounting system, as it was intended, to account for all grant activity. Beginning with the fiscal year ending June 30, 2021, the Secretary of State Federal Stimulus Fund is used to account for all COVID-19 receipts and related disbursements.

Source: Statewide Accounting System (SAM II). The appendix is prepared on the cash basis of accounting, which presents amounts when received or disbursed.

<sup>&</sup>lt;sup>2</sup> This fund's disbursement total includes \$15,844,178 through August 2020, regarding activity during the fiscal year ending June 30, 2021, that we reclassified from a transfer out. See this fund's footnote in Appendix A for more details.

The General Assembly has authorized the Office of Administration to transfer up to \$750 million in federal funds from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. These transferred funds must be repaid to the State Emergency Management Federal Stimulus Fund. As of the end of August, \$250 million has been transferred to the General Revenue Fund.

Voor Ended June 20

Source: Statewide Accounting System (SAM II). The appendix is presented on the state's legal budgetary basis of accounting that records expenditures when the liabilities are recorded, rather than when cash is disbursed.

Voor Ended June 20

<sup>1</sup> The appropriation authority is the maximum amount that may be expended for the purpose as documented and approved through appropriations bills.

<sup>&</sup>lt;sup>2</sup> For the fiscal year ended June 30, 2021, the FMAP (Federal Medical Assistance Percentage) Enhancement Fund was only authorized an appropriation to transfer receipts to the Federal Budget Stabilization Fund and/or the General Revenue Fund. Therefore, the Department of Social Services cannot directly expend any receipted monies from the fund, as it could during the fiscal year ended June 30, 2020.

These fiscal year 2021 appropriations, which incurred expenditures through August 31, 2020, represent the original authorizations within individual agencies' Federal Stimulus Funds. However, the OA is replacing these appropriations with new, identical versions within the State Emergency Management Federal Stimulus Fund. Agencies are currently adjusting all incurred expenditures from the original to the new appropriations. Afterwards, the original appropriations will become obsolete; they will show no expenditures, and all new expenditures will be incurred in the new appropriations.

<sup>&</sup>lt;sup>4</sup> Statewide Accounting System (SAM II) adjustments between August 1, 2020, and August 31, 2020, have retroactively changed these appropriations' total expenditures for the fiscal year ended June 30, 2020, since the previous report. In the future, it is possible that additional retroactive adjustments impacting that fiscal year could occur for these appropriations and other ones.

<sup>&</sup>lt;sup>5</sup> Coronavirus Relief Fund assistance must be returned to the federal government if it is not spent to cover allowable costs incurred by December 30, 2020. State officials did not know whether or to what extent the state may have to repay any funding received at the time the appropriation was established. To acknowledge the existence of the obligation, the state established appropriations authorizing the return of up to \$750 million.
